Please describe your personality:

am a happy person, with a lot of energy, I do not feel sorry for anything, I love dancing, I love to travel and to know the culinary culture of every place where I go, to meet new people, I am a sports lover, I love to read. I am constantly looking for my spirituality and knowledge of my being. I am homelike, very communicative, very expressive, melomaniac, charismatic. I am also a person who defends his opinion, his freedom of expression and that of others respects it. I am always in a constant search for physical, intellectual, economic and spiritual improvement. He seeks to set me goals in life, focus and work to achieve my goals. I love cats, they seem to me the best company.

Do you wear or have you worn eyeglasses? If yes, at what age did you start wearing them?

No

Have you worn braces?

No

Why do you want to become a donor?

I am interested in the idea of becoming a donor because a close friend has already donated, I asked her out of curiosity and I came to the conclusion that: I am a reproductive being and generator of life, I am in the best physical condition and health, I would like to be able to help to women or couples who can not have children, bring happiness and be part of it.

Being a donor is a big responsibility. It requires going to several doctor's appointments, taking injections and having minor out-patient surgery. Do you feel prepared to commit to this process?

- Yes, I take responsibility for what I am accepting.

Are you open to being matched with all types of families regardless of sexual preference, marital status, ethnicity or sex of the egg recipient?

If no, please explain.

Yes.

If they request it, are you willing to meet your intended parents?

Yes, I can meet them.

Are you open to meeting the child in the future if that is requested?

- I could honestly know the parents, feel their energy, and share the process with them, but knowing the child is not necessary, preferably not
